# CREATING UNIQUE SPACE AND EVENT SOLUTIONS

This brochure will give you an insight into how we can work with you on your indoor and outdoor event requirements as well as your temporary space provision. From event trailers, managed roadshow campaigns, and outdoor event structures, to indoor exhibition stands and temporary relocatable structures and buildings, Showplace will provide you with a professional and tailored solution to meet your needs.

## A LITTLE BIT ABOUT US

With over 35 years' experience, and having worked within almost every industry sector, our track record is diverse and ranges from providing ongoing temporary space solutions to a range of organisations, to working with clients on small one-off events through to major multi layered campaigns.

Our areas of expertise are based on our temporary relocatable structures and space solutions, mobile event trailers and roadshow programmes, outdoor event structures, and indoor exhibition stands. We are proud to design, build and deliver high quality, impactful solutions. Our specialist team delivers projects across the UK and Europe every year; no task is too big or too small.

## BESPOKE

Do you have something unique and extraordinary in mind? Showplace has an in-house design team who will take care of your needs. Working with you from consultation and building your brief, to finalising your design, we are here to bring your vision to life.

### What you get from us

You will have a personal project manager to work with you on delivering your stand. Your project manager will be your single point of contact for your entire exhibition, responsible for making sure your stand is exactly as you want it to be.

### OUR TAILORED SERVICES INCLUDE

- Consultation brief taking, development and exhibition stand revisions
- Inclusion of our in-house services, to keep within your budget
- Supervision of on-site construction to meet all health and safety and CDM regulations
- Graphic artwork planning
- Coordination of all show services
- Facilitation of stand walk-throughs with 3D renders

As standard, we will provide you with a fully rendered impression of how your stand will look when we hand over for your event.

## FLOORING

We provide a vast range of floor coverings, perfect for both indoor and outdoor exhibitions and events. Options include, but are not limited to, carpets | decking | vinyl | coir matting | carpet tiles | astroturf and artificial grass | paving, slabs and gravel.

## FURNITURE

Extensive furniture options are available to complement your exhibition design. The range includes, but is not limited to, chairs | sofas | bar furniture | tables | storage and desks | outdoor furniture | display counters | refrigerators.

## AUDIO VISUAL

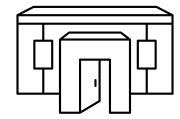

Digital visuals can be more engaging than other forms of branding. Perhaps you have some promotional material that you would like to use? This can be displayed directly onto TV screens or through DVD players or projection. Enhancing the atmosphere of a space can also be achieved using sound, background music for example. Whatever the feel and ambience that you are looking to create, we can ensure that you give your clients the full company branded experience. We offer a range of AV options, including: flat screen TVs | TV brackets | TV stands | sound systems | DVD players.

## GRAPHICS

We specialise in exhibition event graphics, specifically seamless tension fabric graphic systems, which are 100% reusable and recyclable, as is the aluminium frame system to which they are applied. The fabrics can be as minimalistic as desired or can become a flood of colour and brand. This system is flexible and the perfect choice for any stand and application. We will also safely store your graphics free of charge, ready for your next event!

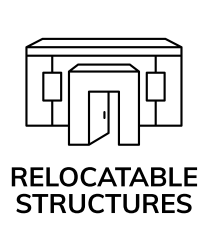

**RELOCATABLE  
STRUCTURES**

## RELOCATABLE STRUCTURES

Clients have been trusting Showplace to design and build emergency or planned temporary modular structures, for many years. With a range of solutions to meet the needs of organisations across all sectors, including education, medical, healthcare, hospitality and leisure, and a range of corporate businesses, Showplace provides a fully project managed, all-inclusive service, which will enable you to confidently leave your additional space requirements in our capable hands.

## TEMPORARY MODULAR STRUCTURES

We understand that a bespoke, fully functional, spacious, and attractively designed space provides the necessary environment to promote effective services, whether for customers, staff, students or patients. Our modular buildings ensure our clients experience a spacious and comfortable environment designed and configured for their particular needs.

Our range of modular, relocatable space solutions are regularly deployed for short term hire, or as longer-term applications. Quick to erect, and with no minimum hire period for our structures, we pride ourselves on our flexibility and speed of delivery, with structures available for installation for any duration from one day up to two years.

Whether you are looking to install a 'one-off' temporary building for a short period of time, or you need to create a longer term solution, our structures are available in many sizes including: 5x5m, 6x6m and 12x12m. The unique and versatile design of our structures enables them to link together to provide an almost unlimited range of layouts, shapes, and sizes for a wide range of uses. Insulated walling and hard, flat insulated roof options are popular features, and we can also install internal walling to create multiple rooms, areas, and corridors within your temporary space. Showplace offers a bespoke space solution, which will be fully customised to meet your needs.

## FEATURES AND BENEFITS

At Showplace, we pride ourselves on our unique offering within the temporary building market. Our high quality multi-use products and bespoke services have many benefits, including:

### CONSTRUCTION/INSTALLATION

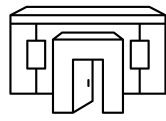

- Rapid deployment on hard ground e.g. concrete car parks, or on grass and turfed areas.
- Perfect for awkward or smaller spaces and built-up areas which can be difficult to reach.
- Reduced build time from as little as one day, minimising disruption to customers.
- In-house foundation pad system suitable for all terrains. Removes the need to dig into ground and therefore reduces project costs.
- Cranes are not required for installation. Reduces costs, risks and time.
- Extra space achieved quickly and efficiently, reducing disruption for staff, employees, students etc.
- Installed with heating and electricity; perfect for year-round use.
- Provide a safe, warm, hygienic, enclosed weatherproof facility.

### COMPLETE PROJECT MANAGEMENT

- Manage entire project from initial enquiry through to completion.
- Work with architects and ensure compliancy to relevant legislation.
- Arrange grounds work and landscaping.
- Manage the connection of utility services.
- Produce all graphics and internal décor.

### FLEXIBILITY

- No lengthy rental contracts – hire from one day up to two years.
- A wide range of configurations are achievable.
- A choice of roof, wall, and flooring options.

## RELOCATABLE STRUCTURES

# TEMPORARY PODS

Showplace offers temporary pod solutions, with a range of sizes available. All pods are fitted with an electrical supply, lighting, heating, and vinyl flooring as standard, so they are ready for immediate use. With accessibility in mind, our demountable pods are installed at ground level so no ramps or lifts are required.

Showplace's demountable pods can be rapidly installed in as little as 24 hours and due to being classed as a mobile unit, planning permission is not required. The pods can also be purchased or hired, providing some financial flexibility and adaptability to your organisation's needs.

The standard design of each pod consists of a white exterior. However, if you are looking for something more striking and impactful, Showplace offers a graphic wrap service to enhance their look.
